

Ungraded Exercise Set 10

Important Dates:

- Assigned: November 4, 2024
- Recommended Due Date: November 10, 2024

What To Do:

These problems are, of course, optional and are not part of your grade. They do, however, serve as great practice for the graded problem sets, labs, and exams. The standard academic integrity policy does not apply to these problems. That is, you can share code with anyone in the class, directly or indirectly.

You must write sufficient tests and adequate documentation.

All problems are listed in *Learning Java - A Test-Driven Approach*.

1. Exercise 4.29
2. Exercise 4.30
3. Exercise 4.35
